Digest: To provide direction in establishing areas from which to remove fuelwood in an effort to reduce the amount of dead trees felled for fuel which are needed for wildlife habitat. Also, refer to FSM 2471, BH Supp. No. 99.

JAMES R. MATHERS
Forest Supervisor

TITLE 3400 - FOREST INSECT AND DISEASE MANAGEMENT

3412 PREVENTION BY CULTURAL OR MECHANICAL MEASURES

Refer to Black Hills Supplement No. 99, FSM 2471.32, on establishment of fuelwood gathering areas to reduce growing stock levels to reduce susceptibility to Mountain Pine Beetles.
